ATHLETIC ARCHERY

A plan for your team

PREPARE YOUR CLUB ORDER

Print this page and agree the details together. This checklist is not an order.

Club _____

Contact person _____

Preferred delivery date _____

- [ ] **Agree the purpose and design**
  Tournament, practice or club events? Choose a fully custom design or your logo on an existing HERO or SKELETON design.

- [ ] **Collect sizes and quantities**
  Enter model, cut, size and quantity in the blank CSV. Use the size chart for each model. A name or printed name is optional; check all spellings together.

- [ ] **Prepare logos and approval**
  Collect club colours and logos approved for use. Vector files (.ai, .eps or .pdf) are ideal. Agree who will approve the design on behalf of your club.

- [ ] **Plan back from your preferred date**
  Tell us your preferred date early. Production takes about 4-6 weeks after design approval, followed by shipping. Design discussions and choosing sizes come before that.

- [ ] **Resolve questions before ordering**
  Note questions about models, sizes, design and timing. These details are enough for an initial discussion; you do not need to share a list of names publicly.

> **Try sizes rather than guess**
>
> For repeat orders by existing teams, a try-on set is available on request: a free 14-day loan, with outward and return shipping within Germany covered by Athletic Archery. For new clubs, we help with the relevant size chart and advice.

Next step: email us

Email philipp@athleticarchery.com with your club, model, approximate quantity and preferred date. Prices, fees and current ordering options are shown on each product page and checked before ordering.
